

# For Thou O Lord

*Am*                      *G*                      *Am*  
I cried unto the Lord with my voice  
*Am*                      *G*                      *Am*  
And He heard me out of His holy hill

(repeat)

*Am*                      *G*                      *Am*  
For thou O Lord art a shield for me  
*Am*                      *G*                      *Am*  
My glory and the lifter of my head

(repeat)

*Am*                      *G*                      *Am*  
I will not be afraid of ten thousand people  
*Am*                      *G*                      *Am*  
Who set themselves against me round about

(repeat)
